Sail or Power Sail	Displacement 10500	
New or Used Used	Ballast	
Hull Type MonoHull	Engine Volvo	
Hull Material Fiberglass	Price \$ 55,000	

Free Energy is a 1989 Sabre 34 MKII in excellent condition for her vintage. Mirror-like topsides, beautiful interior. I've had her for four years and substantially upgraded the deck hardware to make her easy to sail, including running all lines aft through new deck organizers to new clutches. New Harken main traveler and main sheeting system for fast and easy main control even from the helm. Added symmetric spinnaker and gear including pole and ATN Tacker. She has a recent hydraulic backstay adjuster, dutchman main furling and modern Raymarine electronics at the helm. It's not an exaggeration to say she is the nicest, best fitted Sabre 34 of this era you'll find anywhere.

Comments Sails: NEW (2021) Quantum 125% roller furling jib NEW (2021) Quantum Asymmetric spinnaker with snuffer (negotiable) Mainsail (~2017) with dutchman furling and reefing lines led to the cockpit 135% working roller furling jib Symmetric spinnaker and all gear ATN Tacker spinnaker gear (for flying spinnakers from headstay w/o pole).

\$55,000 OBO

Sail, sailboat, cruising, racer/cruiser.
